## Research on the use of Ubuntu in teaching, learning and practice: a survey of social work social development students, academics and practitioners

A BIG thank you from the Africa Social Work Network (ASWNet) - Ubuntu Research Group (U

Thank you for taking part in the survey. We know that time and participation in knowledge generation can never be adequately compensated. However, we are giving an incentive of Three Hundred and Seventy South Africa Rand (ZAR370) or Nine Thousand Nine Hundred Naira (NGN9300) each to five people who complete the survey and register their email for the chance to win.

If you are one of the winners, you will be contacted via email to discuss options of sending the money to you.

**To be considered for the incentive, you will need to submit your email address in Q1 and then answer Q2 and Q3 for your entry to be valid. This email address will not link you to the survey that you completed. If you do not want to be considered for the incentive, please put your email address in Q4 so that you could be added to the ASWNet mailing list. If you have any message for the researchers of ASWNet, enter in Q5, then submit.**

**If you do not want to submit any information here, click Submit to exit the survey. You will be taken to the home page of the ASWNet website where you can learn more about Ubuntu and the URG.**
